Huron County Public Health (HCPH) Contributes to the Fisher-Titus Walking Path at the Willard Reservoir

WILLARD, Ohio – The Creating Healthy Communities (CHC) program at Huron County Public Health is proud to have sponsored a quarter mile of the newly completed Fisher-Titus Walking Path at the Willard Reservoir in Willard, Ohio. Huron County CHC was able to donate \$10,000.00 to the Fisher-Titus Foundation in order to support the installment of the paved path. The Fisher-Titus Walking Path includes the newly paved 2.32-mile ADA accessible path surrounding the top of the Reservoir as well as ten storyboards that will be used to educate users about healthy living that can be changed to cover current health topics.

Huron County CHC would like to thank the Fisher-Titus Foundation for letting us be a part of such a wonderful project. The Fisher-Titus Foundation has been a great partner in furthering CHC’s mission of increasing opportunities for physical activity that are accessible to all, and we look forward to continuing to work with them in the future.

Grace Habeck, Program Coordinator for Huron County CHC was able to visit the newly finished Walking Path on June 23<sup>rd</sup>, 2022, photos from the visit can be seen below. The Fisher-Titus Walking Path will have an official ribbon cutting ceremony on July 10<sup>th</sup>, 2022, at 1:00 PM at the Willard Reservoir (2954 St. Rt 61, Willard, OH, 44890). Unfortunately, Huron County Public Health is unable to attend the event, but we are excited for the grand opening of this wonderful new addition to Willard.

HCPH would like to invite any individuals, agencies, or organizations interested in getting involved in the work of CHC at the local level to complete an interest form at <https://www.huroncohealth.com/creatinghealthycommunities> or to contact the CHC Coordinator, Grace Habeck, directly at [ghabeck@huroncohealth.com](mailto:ghabeck@huroncohealth.com) or 567-244-3270.
